Pray for the Moravian Church and World Mission needs:

Haiti – suffering from August 14 earthquake and hurricane damage

Hurricane Ida Impact – from Louisiana to New York, flooding damage and many communities disrupted; 153 dead

Afghan Resettlement – Many hundreds of refugees from Afghanistan need urgent resettlement in US and other countries. Board of World Mission is partnering with Church World Service and Team Rubicon to support this complex effort.

COVID-19 – Pray for victims of Covid-19 and especially current Delta strain victims; pray for families of those who have died; pray for medical personnel who are overwhelmed.

Pray for the Moravian Church, that we would clearly discern the call of God for our current time; that those with differences would find peace and understanding of God's present calling.

Pray for our congregations and our leaders, that we might meet the current needs with new faith and inspiration.
